

Biochemistry & Molecular Biology Departmental Honors Courses

Subject	Course	Section	Title
LIFE	201B	231	Introductory Genetics: Molecular/Immunological/Developmental – Honors
LIFE	201B	232	Introductory Genetics: Molecular/Immunological/Developmental – Honors
LIFE	202B	R90	Introductory Genetics: Molecular – Honors Seminar
LIFE	202B	R91	Introductory Genetics: Molecular – Honors Seminar
LIFE	210	231	Introductory Eukaryotic Cell Biology – Honors
LIFE	210	232	Introductory Eukaryotic Cell Biology – Honors
LIFE	211	R90	Introductory Eukaryotic Cell Biology Recitation – Honors
BC	401	231	Comprehensive Biochemistry I – Honors
BC	403	230	Comprehensive Biochemistry II - Honors
BC	405	RH0	Comprehensive Biochemistry II - Honors
BC	464	RH0	Molecular Genetics Recitation – Honors
BC	466	RH0	Molecular Recognition of Cellular Function - Honors
BC	496	231	Group Study – Honors
