

BC793 Fall 2023 Research Seminar: Syllabus and Schedule Tuesdays at Noon, MRB312

-Course organizer: Jennifer DeLuca (jdeluca@colostate.edu)

-All Ph.D. students in their third year and beyond will present a ~45 minute seminar that summarizes their research progress during the past year. Second-year Ph.D. students will present a 20 minute seminar describing results obtained thus far and the proposed goals of their research projects.

-Students must email a title and abstract to cns_bmb@mail.colostate.edu by 12:00 noon on the **Friday before the seminar**.

-Students should request that their SAC members attend the seminar.

-Students are required to provide each SAC member with a written progress report **by the Tuesday one week before their seminar and meet with their SAC within two weeks following their seminar**. It is highly encouraged to schedule your SAC meeting on the afternoon of your talk if possible.

-Links to an online evaluation form will be emailed to all students before the seminar. Please submit the online evaluation form immediately after the talk.

-If you need to make a change in the schedule, please work out a time swap with another speaker. Make sure to let me know about the change so that I can adjust the schedule accordingly (changes must be cleared with the advisors of both students).

-Weekly attendance is mandatory for all PhD students, and attendance will be recorded. If you are unable to attend, please email me prior to the class.

22-Aug	Margaret Walker
29-Aug	Sam Klink
5-Sep	Gustavo Mendez
12-Sep	Tyler Guthrie
19-Sep	Bridget Doe
26-Sep	Ambika Basu
3-Oct	Ryan Coops
10-Oct	Projit Mukherjee
17-Oct	Steven Graham / Austin Knight
24-Oct	Alina Galyon / Troy Placid
31-Oct	Andrew Dillon
7-Nov	Gabriel Galindo
14-Nov	Gerald Liman
21-Nov	Fall Break -- No classes
28-Nov	Amanda Keurzi
5-Dec	Adam Koch
12-Dec	Leah Dixon
19-Dec	Scott Burlingham
9-Jan	Adam Timmerman
16-Jan	Randy Owen
23-Jan	Miriam Mioro
